CERTIFIED MAIL
RETURN RECEIPT REQUESTED

Isolite Corporation
31 Waterloo Ave.
Berwyn, PA 19312-1730

Attn: William E. Lynch, Chief Executive Officer

Re: Safety Light Corporation, Columbia County, Pennsylvania
Required Submission of Information Pursuant to CERCLA § 104(e)

Dear Mr. Lynch:

On March 14, 2007 EPA notified your company of its potential liability under CERCLA, and requested information from your company pursuant to Section 104(e) of the Comprehensive Environmental Response, Compensation, and Liability Act of 1980, as amended ("CERCLA"), 42 U.S.C. Section 9604(e). EPA inadvertently omitted the due date for the required information submission in that letter and, therefore, is resending it to you now. The requested information is due within ten (10) calendar days of your receipt of this letter.

REQUIRED SUBMISSION OF INFORMATION

Pursuant to the authority of Section 104(e) CERCLA, 42 U.S.C. Section 9604(e), EPA has the authority to require Isolite Corporation to furnish all information and documents in your possession, custody or control, or in the possession, custody or control of any of your employees or agents, which concern, refer, or relate to hazardous substances as defined by Section 101(14) of CERCLA, 42 U.S.C. Section 9601(14), and pollutants and/or contaminants as defined by Section 101(33), 42 U.S.C. Section 9601(33), which were transported to, stored, treated, or disposed of at the above-referenced Site.

Section 104 of CERCLA authorizes EPA to pursue penalties for failure to comply with that section or for failure to respond adequately to required submissions of information. In addition, providing false, fictitious, or fraudulent statements or representations may subject you to criminal penalties under 18 U.S.C. Section 1001. The information you provide may be used by EPA in administrative, civil, or criminal proceedings.

Instructions for responding to this required submission of information ("Information Request") are provided below.

ORIGINAL

INSTRUCTIONS

1. You may be entitled to assert a claim of business confidentiality covering any part or all of the information you submit. If you desire to assert a claim of business confidentiality, please see Enclosure 1, *Business Confidentiality Claims/Disclosure to EPA Contractors & Grantees of Your Response*. You must clearly mark such information by either stamping or using any other form of notice that such information is trade secret, proprietary, or company confidential. To best ensure that your intent is clear, we recommend that you mark as confidential each page containing such claimed information.
2. Please provide a separate, detailed narrative response to each question, and to each subpart of a question, set forth in this Information Request. If you fail to provide a detailed response, EPA may deem your response to be insufficient and thus a failure to comply with this Information Request, which may subject you to penalties.
3. Precede each response with the number of the question or subpart of the question to which it corresponds. For each document or group of documents produced in response to this Information Request, indicate by the number of the specific question(s) or subpart of the question(s) to which it responds.
4. Should you find at any time after submission of your response that any portion of the submitted information is false, misrepresents the truth or is incomplete, you must notify EPA of this fact and provide EPA with a corrected written response.
5. Any terms that are used in this Information Request and/or its Enclosures that are defined in CERCLA, shall have the meaning set forth in CERCLA. Definitions of several such terms are set forth in Enclosure 2, *Definitions*, for your convenience. Also, several additional terms not defined in CERCLA are defined in Enclosure 2. Those terms shall have the meaning set forth in Enclosure 2 any time such terms are used in this Information Request and/or its Enclosures.

Site records obtained from the Safety Light Corporation suggest that a close business arrangement existed between Safety Light Corporation and Isolite Corporation. Copies of Isolite price quotes and invoices have been provided to you, which may assist you in your research. Based on these documents, EPA believes that Isolite Corporation may have brokered, transported, and/or otherwise arranged for the shipment of materials containing hazardous substances, including tritium, to the Site for treatment, reclamation and/or disposal. Please provide the following information:

ORIGINAL

INFORMATION REQUESTED

Please answer the following questions in accordance with the Instructions set forth above.

1. Did Isolite ever transport or arrange for the transport of hazardous substances, including radionuclides and/or radioactive waste or other waste for storage, treatment, recycling, reclamation or disposal at the Site?
2. Did Isolite ever contract or arrange with any other party for the storage, treatment, recycling, reclamation or disposal of hazardous substances and/or radioactive waste or any other waste at the Site?
3. If you answered "yes" to Question 1 or Question 2, above, please provide the following information:
 - a. Identify all persons and entities with or for whom Isolite transported, brokered, or otherwise arranged for the shipment of hazardous substances, radioactive waste or other wastes to the Site. Your answer should include the name, current address (or most recent address available), telephone number, and contact person for each person or entity identified.
 - b. For each person or entity with or for whom Isolite transported, brokered, or otherwise arranged for the shipment of hazardous substances, radioactive waste or other wastes to the Site, provide:
 1. a description of the type and quantity of hazardous substances, radioactive waste, or other waste which you transported or for which you arranged for the transport to the Site or for which you acted as a broker in order to arrange storage, treatment, recycling, reclamation or disposal at the Site.
 2. provide the time period during which you transported or brokered each person's or entity's hazardous substances, radioactive waste or other wastes.
 3. the entity which received the hazardous substances, radioactive waste or other wastes, i.e., Safety Light, Isolite, U.S. Radium, Lime Ridge Industries, USR Industries, USR Metals, Metreal, at the Site or elsewhere;
 4. the type of hazardous substances, radioactive waste or other wastes that were disposed/reclaimed;
 5. the amount of hazardous substances, radioactive waste or other wastes transported/brokered to the Site;
 6. the dates of the pickup/delivery of the hazardous substances, radioactive waste or other wastes;

ORIGINAL

7. all documents, including personal and internal company documents and correspondence, regarding the type and amount of hazardous substances, radioactive waste or other wastes transported/brokered to the Site;
 8. the name, title, areas of responsibility, current (or most recent) addresses, and telephone numbers of other parties that have documentation or information pertaining to the transportation/disposal of hazardous substances, radioactive waste or other wastes at the Site.
4. Describe any permits or permit applications and any correspondence between your company and any regulatory agencies regarding the transportation and storage, treatment, recycling, reclamation or disposal of such wastes.
 5. Describe any contracts or correspondence between your company and any other company or entity, including but not limited to Safety Light, Shield Source, Inc., U. S. Radium, Lime Ridge Industries, USR Industries, USR Metals, and Metreal regarding the transportation, storage, treatment, recycling, reclamation or disposal of such hazardous substances at the Site.
 6. Provide copies of all documents (including but not limited to log books, manifests, receipts, and invoices) created or kept by you related to the collection of materials (including, but not limited to, composition and quantity of materials) from customers whose materials were taken to the Site.

As indicated above, the requested information is due within **ten (10) days** of your receipt of this letter. All documents and information should be sent to:

Harry R. Steinmetz (3HS62)
U.S. Environmental Protection Agency, Region III
1650 Arch Street
Philadelphia, PA 19103-2029.

This required submission of information is not subject to the approval requirements of the Paperwork Reduction Act of 1980, 44 U.S.C. Section 3501, et seq.

ORIGINAL

If you have any questions pertaining to this information requested, please feel free to contact Harry Steinmetz at (215) 814-3161, or have your attorney contact EPA's attorney, Humane Zia, at (215) 814-3454. Technical questions can be directed to the site Remedial Project Manager, Mitch Cron, at 215-814-3286.

Sincerely,

Karen Melvin, Associate Division Director
Office of Enforcement
Hazardous Site Cleanup Division

Enclosure 1

ORIGINAL

Business Confidentiality Claims

You may be entitled to assert a claim of business confidentiality covering any part or all of the submitted information, in the manner described in 40 C.F.R. Section 2.203(b). Information subject to a claim of business confidentiality will be made available to the public only in accordance with the procedures set forth in 40 C.F.R. Part 2, Subpart B. If a claim of business confidentiality is not asserted when the information is submitted to EPA, EPA may make this information available to the public without further notice to you. You must clearly mark such claimed information by either stamping or using any other such form of notice that such information is a trade secret, proprietary, or company confidential. To best ensure that your intent is clear, we recommend that you mark as confidential each page containing such claimed information.

Disclosure Of Your Response to EPA Contractors and Grantees

EPA may contract with one or more independent contracting firms (See Enclosure 3) to review the documentation, including documents which you claim are confidential business information ("CBI"), which you submit in response to this information request, depending on available agency resources. Additionally, EPA may provide access to this information to (an) individual(s) working under (a) cooperative agreement(s) under the Senior Environmental Employment Program (SEE Enrollees). The SEE program was authorized by the Environmental Programs Assistance Act of 1984 (Pub. L. 98-313). The contractor(s) and/or SEE Enrollee(s) will be filing, organizing, analyzing and/or summarizing the information for EPA personnel. The contractors have signed a contract with EPA that contains a confidentiality clause with respect to CBI that they handle for EPA. The SEE Enrollee(s) is working under a cooperative agreement that contains a provision concerning the treatment and safeguarding of CBI. The individual SEE enrollee has also signed a confidentiality agreement regarding treatment of CBI. Pursuant to CERCLA, 42 U.S.C. Section 9604(e)(7) and EPA's regulations at 40 C.F.R. Section 2.310(h), EPA may share such CBI with EPA's authorized representatives which include contractors and cooperators under the Environmental Programs Assistance Act of 1984. (See 58 Fed. Reg. 7187 (1993)). If you have any objection to disclosure by EPA of documents which you claim are CBI to any or all of the entities listed in Enclosure 3, you must notify EPA in writing at the time you submit such documents.

Enclosure 2

ORIGINAL

Definitions

1. The term "arrangement" shall mean every separate contract or other agreement or understanding between two or more persons, whether written or oral.
2. The term "documents" shall mean writings, photographs, sound or magnetic records, drawings, or other similar things by which information has been preserved and also includes information preserved in a form which must be translated or deciphered by machine in order to be intelligible to humans. Examples of documents include, but are not limited to, electronic mail and other forms of computer communication, drafts, correspondence, memoranda, notes, diaries, statistics, letters, telegrams, minutes, contracts, reports, studies, checks, statements, receipts, summaries, pamphlets, books, invoices, checks, bills of lading, weight receipts, toll receipts, offers, contracts, agreements, deeds, leases, manifests, licenses, permits, bids, proposals, policies of insurance, logs, interoffice and intra-office communications, notations of any conversations (including, without limitation, telephone calls, meetings, and other communications such as e-mail), bulletins, printed matter, computer printouts, invoices, worksheets, graphic or oral records or representations of any kind (including, without limitation, charts, graphs, microfiche, microfilm, videotapes, recordings and motion pictures), electronic, mechanical, magnetic or electric records or representations of any kind (including, without limitation, tapes, cassettes, discs, recordings and computer memories), minutes of meetings, memoranda, notes, calendar or daily entries, agendas, notices, announcements, maps, manuals, brochures, reports of scientific study or investigation, schedules, price lists, data, sample analyses, and laboratory reports.
3. The term "hazardous substance" means (a) any substance designated pursuant to section 1321(b)(2)(A) of Title 33 of the U.S. Code, (b) any element, compound, mixture, solution, or substance designated pursuant to section 9602 of CERCLA, (c) any hazardous waste having the characteristics identified under or listed pursuant to section 3001 of the Solid Waste Disposal Act (42 U.S.C. Section 6921) (but not including any waste the regulation of which under the Solid Waste Disposal Act (42 U.S.C. Section 6901 et seq.) has been suspended by Act of Congress), (d) any toxic pollutant listed under section 1317(a) of Title 33, (e) any hazardous air pollutant listed under section 112 of the Clean Air Act (42 U.S.C. Section 7412), and (f) any imminently hazardous chemical substance or mixture with respect to which the Administrator has taken action pursuant to section 2606 of Title 15 of the U.S. Code. The term does not include petroleum, including crude oil or any fraction thereof which is not otherwise specifically listed or designated as a hazardous substance under subparagraphs (a) through (f) of this paragraph, and the term does not include natural gas, natural gas liquids, liquefied natural gas, or synthetic gas usable for fuel (or mixtures of natural gas and such synthetic gas).
4. The term "pollutant or contaminant" shall include, but not be limited to, any element, substance, compound, or mixture, including disease-causing agents, which after release into the environment and upon exposure, ingestion, inhalation, or assimilation into any organism, either directly from the environment or indirectly by ingestion through food chains, will or may reasonably be anticipated to cause death, disease, behavioral abnormalities, cancer, genetic mutation, physiological malfunctions (including

malfunctions in reproduction) or physical deformations in such organisms or their offspring, except that the term "pollutant or contaminant" shall not include petroleum, including crude oil or any fraction thereof which is not otherwise specifically listed or designated as a hazardous substance under CERCLA, and shall not include natural gas, liquefied natural gas, or synthetic gas of pipeline quality (or mixtures of natural gas and such synthetic gas).

5. The term "release" means any spilling, leaking, pumping, pouring, emitting, emptying, discharging, injecting, escaping, leaching, dumping, or disposing into the environment (including the abandonment or discarding of barrels, containers, and other closed receptacles containing any hazardous substance or pollutant or contaminant), but excludes (a) any release which results in exposure to persons solely within a workplace, with respect to a claim which such persons may assert against the employer of such persons, (b) emissions from the engine exhaust of a motor vehicle, rolling stock, aircraft, vessel, or pipeline pumping station engine, (c) release of source, byproduct, or special nuclear material from a nuclear incident, as those terms are defined in the Atomic Energy Act of 1954 (42 U.S.C. Section 2011 et seq.), if such release is subject to requirements with respect to financial protection established by the Nuclear Regulatory Commission under section 170 of such Act (42 U.S.C. Section 2210), or, for the purposes of section 9604 of CERCLA or any other response action, any release of source byproduct, or special nuclear material from any processing site designated under sections 7912(a)(1) or 7942(a) of CERCLA, and (d) the normal application of fertilizer.
6. The term "waste" or "wastes" shall mean and include any discarded materials including, but not limited to, trash, garbage, refuse, by-products, solid waste, hazardous waste, hazardous substances, pollutants or contaminants, and discarded or spilled chemicals, whether solid, liquid, or sludge.
7. The term "you" when referring to an incorporated entity shall mean and include the incorporated entity and its agents and representatives, including, but not limited to, persons directly authorized to transact business on the entity's behalf such as officers, directors, or partners with which the entity is affiliated, employees, accountants, engineers, or other persons who conduct business on the entity's behalf, as well as affiliated entities, including, but not limited to, partnerships, limited liability companies, divisions, subsidiaries, holding companies.

RECD

or other wastes at the Site.

Not Applicable

4. Did E. I. du Pont de Nemours and Company ever generate radioactive wastes or other wastes that were disposed of or reclaimed by U.S. Radium, Lime Ridge Industries, USR Industries, USR Metals, Metreal, Isolite at the Site?

See Response 1

Our records indicate that DuPont shipped 3 tritium signs to the Isolite site in 2001 and approximately 49 tritium Signs to the Isolite site in 2002

5. If you answered "yes" to Question 4, please address the following issues:
- a. Please provide the following information regarding all wastes and by-products produced by your company during the period 1945 to the present:

See Response 1

DuPont objects to Question #5 regarding all wastes and by-products produced during the period from 1945 to the present because it is overly broad and burdensome for a company of this size and length of operations. However, we checked our company wide network for purchase and disposal of radioactive waste. In addition, we specifically checked our radioactive materials records at the Chambers Works facility because the EPA had supplied information indicating a connection with the Chambers Works site. During this review we retrieved the information contained in Answer #4 and therefore have limited our response to the subparts of this question to the materials identified in response to question 4.

- i. the nature of radioactive waste or other wastes, hazardous substances, and/or by-products used, including their chemical content, characteristics, and physical state (i.e., liquid, solid, gas, or in the form of contaminated rags, cups, containers). Provide chemical analyses and Material Safety Data Sheets ("MSDSs"). If these analyses are not available for the period 1977-1991, submit analyses for the time period closest to these dates and describe, in detail, any changes in the process(es) in which radioactive waste or other wastes were produced that would affect the chemical analyses;

See Responses 1 and 5a

Self-luminous (tritium) exit signs employing several sealed borosilicate glass tubes arranged into the word, "Exit". The tubes are positioned in the parabolic channels of a backing material that also serves as a reflector. Each tube is coated on the inside with a

thin layer of a phosphor and filled with tritium gas. The low energy beta particles from the tritium (half-life 12 years) strike the phosphor and cause it to glow.

See Attachment B

- ii. the annual quantity of radioactive waste or other wastes, hazardous substances, and/or by-products used or generated;

See Responses 1 and 5a

DuPont shipped 3 tritium exit signs in 2001 and approximately 49 tritium exit signs in 2002 to the Isolite site.

- iii. the process(es) in which radioactive waste or other wastes, hazardous substances, and/or by-products were used or the process(es) that generated each;

See Responses 1 and 5a

DuPont purchased the tritium exit signs. Because no electrical power source is required, the tritium exit signs were used where there is no power or the power could fail. DuPont has no other information

- iv. the types of containers used to treat, store, or dispose of radioactive waste or other wastes, hazardous substances, and/or by-products; and

See Responses 1 and 5a

DuPont shipped the tritium exit signs to Isolite for disposal. Beyond that DuPont has no other information.

- v. the method of treatment and/or disposal of the above.

See Responses 1 and 5a

DuPont shipped the tritium exit signs to Isolite for disposal. Beyond that DuPont has no other information.

- b. Provide the names, titles, areas of responsibility, addresses, and telephone numbers of all persons, including you, who, during the period 1945 to the present, may have:

- i. disposed of or treated radioactive or hazardous materials at the Site;

See Response 1 and 5a

DuPont shipped the tritium exit signs to Isolite for disposal. Beyond that DuPont has no other information.

- ii. arranged for the disposal or treatment of radioactive or hazardous materials at the Site; and

See Response 1 and 5a

**Sharon Wilkinson (Under the guidance of Aaron Chen)
Contract employee, Chambers Works
Performed Radiation Safety Support**

**Aaron Chen
Chambers Works Radiation Safety Officer (1997-2002)
Responsible for site operating within specific license issued by
Nuclear Regulatory Commission and New Jersey Department of
Environmental Protection**

**All DuPont employees are represented by DuPont Counsel. All
communications are to be made through Pam Meitner,
Corporate Counsel, 302-774-8720**

- iii. arranged for the transportation of radioactive or hazardous materials to the Site (either directly or through transshipment points) for disposal or treatment.

See Response 1 and 5a and 5b ii

- c. If your response to the above includes the contracting of a hauler or transporter to transport and/or dispose of wastes, explain these arrangements and provide documentation confirming the nature of those transactions. Please identify:
- i. the persons with whom you, or other such persons, made such arrangements;

The tritium exit signs were shipped via Federal Express Ground.

See Attachment C

- ii. every date on which such arrangements took place;

See Response 1 and 5a

Approximately 49 tritium signs were sent Federal Express Ground to the Isolite site on 10/17/02. We have no information on the 3 tritium signs sent to the Isolite site in 2001.

- iii. for each transaction, the nature and quantity of material, including its chemical content, characteristics, physical state (i.e., liquid, solid), and the process for which the substance was used or the process that generated the substance;

See Response 1 and 5a

Self-luminous (tritium) exit signs employing several sealed borosilicate glass tubes arranged into the word, "Exit". The tubes are positioned in the parabolic channels of a backing material that also serves as a reflector. Each tube is coated on the inside with a thin layer of a phosphor and filled with tritium gas. The low energy beta particles from the tritium (half-life 12 years) strike the phosphor and cause it to glow.

DuPont purchased the approximately 52 tritium exit signs.
DuPont has no other information

- iv. the precise locations at which each material was disposed or treated at the Site;

See Response 1 and 5a

DuPont shipped the tritium exit signs to the Isolite Corporation.
Beyond that DuPont has no other information.

- v. the persons who selected the Site as the place at which materials were disposed or treated;

See Response 1 and 5a

Sharon Wilkinson(Under the guidance of Aaron Chen)
Contract Employee, Chambers Works Site

Aaron Chen
Chambers Works Radiation Safety Officer (1997-2002)

All DuPont employees are represented by DuPont Counsel. All communications are to be made through Pam Meitner, Corporate Counsel, 302-774-8720

- vi. the final disposition of each material involved in such transactions;

The approximately 52 tritium exit signs were shipped to the Isolite site.

- vii. the names of employees, officers, owners, and agents for each transporter.

The signs were transported to the Isolite site via Federal Express Ground. After a review of its records, DuPont has not identified any other information responsive to this question.

- d. For each and every instance in which you/your company arranged for disposal or treatment of material at the Site, identify:

- i. the quantity (number of loads, gallons, drums) of materials that were used, treated, transported, disposed, or otherwise handled by you; and

See Response 1 and 5a

3 tritium Signs were shipped to the Isolite Corporation in 2001 and approximately 49 Tritium Signs were shipped to the Isolite Corporation in 2002

- ii. any billing information and documents (invoices, trip tickets, manifests) in your possession regarding arrangements made with your company to generate, treat, store, transport, or dispose of materials at the Site.

PACKAGING INSTRUCTIONS

FOR THE RETURN OF SELF-LUMINOUS EXIT SIGNS

- ☐ Obtain RMA# (Return Merchandise Authorization #) from Isolite.
Contact Bill Rowan at 800-888-5483

THE RMA# MUST BE VISIBLE ON THE SHIPPING LABEL OR YOUR SHIPMENT WILL BE REFUSED

- ☐ Place each sign in the ISOLITE carton your replacement signs arrived in OR Pack signs in a sturdy cardboard carton. Use filler materials to assure a tight, rattle-free fit. Tape seal flaps and seams.
- ☐ Place this package into a second sturdy cardboard carton and include the following text:

This package conforms to the conditions and limitations specified in 49 CFR 173.424 for radioactive material, excepted package-instruments or articles, UN2910

DOT Regulations 49CFR173.422(a)(2) require that you enclose the above statement in each carton you ship. If you are shipping only one carton, simply enclose this sheet

- ☐ Use filler materials to assure a tight fit
- ☐ Tape seal flaps and seams
- ☐ Include the RMA # and your return address on the shipping label.
- ☐ Send to our licensed facility.

SLC/Isolite Corporation
Attn: Health Safety Officer
4150-A Old Berwick Road
Bloomsburg, PA 17815

NOTE: Keep total content of each carton shipped < 100 Curies.
See label on each sign for Cune Amount.

Certified Mail Provides:

- A mailing receipt
- A unique identifier for your mailpiece
- A record of delivery kept by the Postal Service for two years

Important Reminders:

- Certified Mail may **ONLY** be combined with First-Class Mail® or Priority Mail®.
- Certified Mail is not available for any class of International mail.
- **NO INSURANCE COVERAGE IS PROVIDED** with Certified Mail. For valuables, please consider Insured or Registered Mail.
- For an additional fee, a *Return Receipt* may be requested to provide proof of delivery. To obtain Return Receipt service, please complete and attach a Return Receipt (PS Form 3811) to the article and add applicable postage to cover the fee. Endorse mailpiece "Return Receipt Requested". To receive a fee waiver for a duplicate return receipt, a USPS® postmark on your Certified Mail receipt is required.
- For an additional fee, delivery may be restricted to the addressee or addressee's authorized agent. Advise the clerk or mark the mailpiece with the endorsement "*Restricted Delivery*".
- If a postmark on the Certified Mail receipt is desired, please present the article at the post office for postmarking. If a postmark on the Certified Mail receipt is not needed, detach and affix label with postage and mail.

IMPORTANT: Save this receipt and present it when making an inquiry. Internet access to delivery information is not available on mail addressed to APOs and FPOs.

SENDER: COMPLETE THIS SECTION

- Complete items 1, 2, and 3. Also complete item 4 if Restricted Delivery is desired.
- Print your name and address on the reverse so that we can return the card to you.
- Attach this card to the back of the mailpiece, or on the front if space permits.
